

Search for hotels and then book direct Fed up with trawling through lots of different websites all showing the same hotel but at different rates? Are you tired of reading hotel descriptions only to find that they are out of date? Or have you found that although the rate looks the same, different sites have different booking conditions that affect what is actually included in the rate?

Directly Hotels offers you the perfect solution - an easy way to search for hotels around the world but, when you want to check prices or availability, we link you directly to the hotel's own website. **Best rates guaranteed**

Using the hotel's official website you are guaranteed to get the hotel's best rate. The hotels listed on our site have guaranteed that their own website offers the best rates they have - equal to, or less than, any other rates you will find out there on travel comparison sites. **Book direct with the hotel**

Your booking will be made directly with the hotel, not through us or any other intermediary website. The hotel will receive your reservation directly so there is no chance of it getting 'lost in the system'. **Preferential treatment**

Hotels prefer to receive bookings direct from customers so when they are allocating rooms, they will often show preference to guests who have booked with them directly.

Real time prices, availability and descriptions

The information you see will be directly from the hotel's own, official website. You can rest assured that you are looking at the most up-to-date rates, availability and hotel room descriptions. And if you want to ask the hotel any questions, you are right there on their site with all their contact details to hand. Nothing is hidden away. **Great selection of hotels**

Our website has been created to provide you with an instant list of quality hotels in your desired city. We cut down the time you spend on research and then provide you with direct access to the hotel's own website.

We hope you enjoy our directory of official hotel websites and please let us know if there are any of your favourite hotels that we are not listing. We'll get them listed for your next visit!
